The Omni BCD is a revolutionary jacket-style BCD designed to fit your specific style and size. Bringing ModLock technology popularized by our Rogue & Outlaw BCD’s connector system, the Omni allows you to choose from 3 universal sizing components: for your back, your shoulders and your waist, allowing for dozens of size combinations.

Continue your customization by choosing from multiple accessory options and 6 color kits. This is the ideal platform to create your perfect fit and you’ve got an infinity of possible configurations.

**Chronos**

*(Competition Swim Goggles)*

**105 aed**

The Chronos is Michael Phelp’s preferred training and “workhorse” goggle. It’s a no frills goggle and our modern take on the traditional Swedish-style goggle.
The genesis of the Aqua Sphere Brand is in our Swim Goggles and Masks. Developed from our core engineering of precision Aqua Lung dive mask technology, the Aqua Sphere difference starts with a best in class seal and unrivaled visibility, equating to crystal clear underwater vision and long-lasting comfort. Our new focus is delivering proprietary geometric designs made from Italian craftsmanship—eye protection with specific lens technology to enhance the swimmers’ experience in any body of water. Aqua Sphere creates goggles and masks for both recreational use and advanced protection in the open waters of the ocean, the lane lines of a competition pool and in the comfort of your neighbor’s backyard. Designed for adults and youth, we place vision and comfort first.

SNORKELS

SF1 Mask

The SF1 is the new 2020 Cressi’s frameless scuba diving mask for ladies and men. The frameless masks are loved by many divers for their low-profile and ability to fold flat for easy carrying, even in a BC pocket.

Cressi’s frameless design bonds a high-grade silicone skirt directly to a single lens for the ultimate in simplicity. The silicone is the ideal material that ensures a comfortable fit and a perfect seal.

**NEW**

aed **430.50**

The Tao is a semi-dry snorkel that allows divers to take every breath with confidence and focus on the reef below not on worrying about water in your air way.

The top Splash Guard is designed to reduce water intake. A generous bore contoured tube provides ample airflow and a lower purge valve enables instant clearing when needed.

The mouthpiece is made in soft silicone to ensure comfort.
